Why are we changing our billing system?

6 good reasons – better for our customers and for find°my

- ✓ Pay only for what you actually use (no prepayment for positions)
- ✓ No more overuse charges
- ✓ Costs are spread throughout the year instead of one large invoice in January/February
- ✓ No need to purchase a full subscription if you start using trackers mid-season
- ✓ Full overview on “My Page” where you can register your card for manual payment
- ✓ Access to customer support, all apps, service, and data storage. Find°my stores customer data/positions for all trackers
